

## July 2025 Ward Councillors Report – Sally Holland

### Wild Camping at Abbotsbury and West Bexington

Following on from contact with the Community Safety Team I have attached a report from a multiagency meeting on the actions planned. I am disappointed that nothing is planned for tackling the issue at source rather than collecting data on the size of the problem.

### Household Recycling Centres

I have attached a link to further information on the new household waste booking proposal. It has been unfortunate that press briefing focused on reducing queues when many users do not have this as a problem. However there are many other facets to this plan, the main one being the sustainability of current sites with no closures, and making it fairer for Dorset council tax payers, who are currently funding the waste management of out of county users.

### Jurassic Coast World Heritage Site – Future Direction

This meeting took place on the 21<sup>st</sup> May. It included stakeholders from the area to look at opportunities for development.

I was unable to attend but I have requested notes and slides and will report back on these once I receive them.

### Economic Strategy

This week our Cabinet approved a new Economic Strategy which is set to drive employment, investment, and innovation across the county.

The Dorset Council Plan 2024-2029 lists 'growing Dorset's economy' as one of its key priority areas of focus.

This new strategy sets out how the council intends to deliver economic prosperity for the people and businesses of Dorset through four clear objectives:

- Boost economic growth: by identifying and prioritising key projects to stimulate the Dorset economy
- Attract investment: by positioning Dorset as a prime investment location
- Create high-value jobs: facilitate the generation of high-value, highly skilled jobs
- Strategic negotiations: establish clear priorities for negotiations with government and regional partners.

Council Tax email scam

Dorset Council has been made aware of scam emails relating to Council Tax pretending to be from the Council.

DC will never send general emails unless you have signed up for e-billing or you have contacted the council first.

All email will have an address ending @dorsetcouncil.go.uk

Show they are clearly from DC

They will never ask you to click a link to take an action, unless they are replying to a question you have asked and may include a link to the DC website for more information.
